Keystone Zone Plan Explained

Steps toward a master zone plan for all of Keystone were explained to members of the Keystone Civic Betterment Assn. by Earl Richerson of the Los Angeles County Regional Planning Commission at the August meeting of the group.

Richerson presented tentative maps drawn following preliminary studies outlining plans for zoning for the area. However, a series of informal meetings, two hearings by the planning commission, and a single hearing before the board of supervisors are required before any zone plan goes into operation.

Vast areas of unincorporated territory south of Gardena and north of Wilmington are preparing for zoning plans at this time, with one district located west of Long Beach to be zoned after a hearing before the board of supervisors next month.

Two other areas, Keystone and Carson, are next in order, Richerson said.

Husband Held for Murder

In the Los Angeles county jail on a murder charge is 27-year-old William Tolbert, 23414 Dolores ave., Torrance.

He is held on the charge of murdering his 26-year-old estranged wife, an expectant mother, who is lying in her grave now at Roosevelt Memorial Park.

Tolbert, who shot his wife and her best friend, Mrs. Patricia Wheeler, 29, said he did so because his wife left him and he thought Mrs. Wheeler was responsible for the separation.

Soap or Detergent? Facts you can trust—from Rinso

These helpful directions explain for the first time which to use for every job. Presented by Rinso, the only brand to offer you both—wonderful Rinso Soap and sensational new Rinso Detergent.

BLANKETS: Use the Soap
Blankets shouldn't stay in your washer more than a minute: agitation while wet shrinks them. Rinso Soap removes a lot of dirt fast—and leaves your blankets soft and fluffy! Yet you now pay about 5¢ less for it than for detergents.

CURTAINS: Use either
As long as you make plenty of suds, either product will do a beautiful job of washing your curtains. Both Rinso Soap and Rinso Detergent get curtains dazzling white—for an interesting reason. Both Rinsos contain SOLIUM.

DIAPERS: Use the Soap
One sure way to be careful of baby's tender skin is to use only soap for washing diapers and all baby clothes. The mild, gentle soap in Rinso Soap leaves diapers extra soft and non-irritating. The SOLIUM leaves them white as snow!

DISHES, GLASSWARE: Use Detergent
Everybody knows detergents do a better job on your dishes than soap. But this new Rinso Detergent does even more—it washes up to twice as many dishes as the most popular detergent, and is wonderfully gentle to your hands.

DRESSES: Use either
Your white dresses look whiter than new, print dresses brighter than new, washed in Rinso Soap or Rinso Detergent—thanks to the SOLIUM. Rinso's rich suds remove dirt so efficiently that most stains need hardly any pre-scrubbing.

LINOLEUM: Use the Detergent
If the linoleum is really dirty, use a detergent to get it clean before you wax. Rinso Detergent suds are particularly good for removing greasy or sticky stains from your kitchen linoleum. Use as little water as possible.

WORK CLOTHES: Use either
Choose either Rinso for doing work clothes. Rinso Detergent is exceptionally good in hard water, and you don't have to rinse unless you want to. Rinso Soap gets out slightly more dirt, and you now pay about 5¢ less for the Soap.

SHIRTS: Use either
Your husband's shirts will turn out gloriously clean and white, washed with Rinso Soap or new Rinso Detergent. We guarantee he'll be delighted. The SOLIUM in these two extraordinary Rinsos will give him the whitest shirts ever.

SYNTHETIC FABRICS: Use either
You can safely wash almost any fabric in the friendly suds of Rinso Soap or Rinso Detergent. Not only your cottons, but also the new synthetic fabrics. They'll all be perfectly at home in gentle, thorough-cleansing Rinso.

TOWELS: Use either
Your white towels will be whiter than new—and wonderfully fluffy—if you wash them in either the Soap or the Detergent. Why? Because both Rinsos are perfect beavers for getting out dirt. What's more, both Rinsos contain SOLIUM.

WOOL SWEATERS & SOCKS: Use Soap
If you want your wool sweaters and socks to stay soft, wash them in soap suds. Home economists will tell you that washing with Rinso Soap removes less of the natural oil from the wool, and this helps keep it soft and fluffy.

SHEETS: Use either
The truth is that either the Soap or the Detergent will do your sheets to perfection. Both Rinsos contain SOLIUM, to leave your sheets white as can be. And both leave sheets so soft and smooth, you only have to iron the top quarter.

SAVE at least 5¢ ON SOAP!

Your grocer now has Rinso Soap on sale at special low prices so you save more than ever!

today both have the same name on the box: Rinso!

Each Rinso is the best in its class. Each contains SOLIUM. Each will do a terrific job for you. You can't go wrong if the name is Rinso!
